

## Yuki

An explosion of color is guaranteed by YUKI, a line of products covered in stretch fabric with cute lyra details. Played on a pop palette, pushed and irreverent, the oxymoronic shapes of YUKI, soft and angular at the same time, shape the living room as a creative space that is not afraid to show itself in its whimsy, originality and excess of color. The high-back armchair is the highlight of the collection thanks to its colored pin feet covered with the Boing fabric and customizable in many bright colors.

Discover also the sofa and the pouf of the star collection.
