

VANITY/I

Multipurpose chair in birch plywood that meets different goals in one single product.

Multipurpose? It can have 3 different seat heights only rotating it: cm 16, 20 and 30 and it can be used as a stool too.

It is provided in KIT to assemble.

Available in two different versions: standard or stackable (provided with a recess that enables the chair to be stackable), in this case it can be used also as a bookcase or glove compartment.

Soft? Thanks to the cushioned seat on both sides cm 15 and 20 it is super soft!
