

Complements Chair 01

Simple wooden chair with padded seat and backrest with vertical slats.

Delo is astonishing: not only the quality of products is assured by the best components: Delo has developed an advanced organization of complements, so flexible as to conceal functionality, personal styles and tastes. Every component is meticulously designed with its particular task in mind, giving the pieces of furniture, excellent performance by optimizing the use of materials and to provide longer lasting durability. Special solutions allow tables and consoles to widen in length with astonishing performances: from half meter, one and a half meter, up to even three meters, step by step according to necessity and to models. Wide choice of shelves, chairs, mirrors, drawers...
