

ST 25

Modular bookcase.

Collection Street

The modular Street are made of ash with relief walnut decorations. The doors can be made of wood with relief decorations or smooth. The bottom hinged doors are made of tempered glass, the opening and closing are amortized. The drawers have partial extensions with soft close.

The collection interprets the concept of modularity in a perfect harmony between aesthetics and functionality. Careful flexibility, high customization of finishes and decors allow you to create unique and contemporary environments. Made entirely of ash in relief walnut decorations.

Inlay

The wood chosen for this collection is ash.

Details

The Street collection is full of details that enrich the furniture. Polishing follows a strict artisan process, using water colors and sludge with natural lands protected by opaque paints. The opening of the drawers is on metal runners and closing is cushioned.

Dimensions:

337x48x200h cm
