

SIPARIO display cabinet 1

Display cabinets from the Sipario collection are items which can be used on their own, or combined with others to create a sequence that is both elegant and refined. They can also be combined with other items to invent new furnished spaces. A volume with minimalist geometry and available in various sizes, it is enriched by its delicate decorative details featuring lozenges on the outer frame and the brightness of its wide central glass surface. Its gilded feet raise the entire structure with such lightness that it will adapt to any architectural setting.

Dimensions(width, depth, height): 83x51x206 cm.
