

## Wind Soft 01

The stylistic rigour of the seat is enriched by the ribbed lowered padding, designed to add softness to the essential lines of the structure. The two-colour finishing highlights shapes without altering proportions.

### FEATURES:

Structure: Chromed steel tube monocoque.

Handle: Polished aluminium.

Padding: Flexible polyurethane foam.

Armrests: Fixed, polished aluminium.

Mechanism: Lock tilt or Knee tilt multi-block mechanism, gas-lift.

Base: Polished aluminium with castors.
