

Pola Round P_SB

The Pola seating family has been expanded to include a new armchair that is characterized by its ergonomic shape of the shell which is made of polypropylene. The shell is available in several different color options and can also be specified with an upholstered cushion. The frames come with various options including: wooden or metal legs, wooden trestle, aluminum trestle (with or without castors) and aluminum swivel base on castors. The expanded Pola collection offers a wide range of options that are suitable for residential and contract use, including indoor and outdoor spaces.
