

Manaa U

Upholstered armchair, swivel on 4-blade aluminum painted or polished base.

Manaa is just the armchair for your project! The shell's sinewy lines combine with a sturdy but understated technopolymer frame as well as the variety of finishes to form a collection suitable for the many and varied demands of the hospitality and contract worlds. The technopolymer frame, available in various striking colourways, proves to be hard-wearing even in heavy-duty environments. The Manaa collection is completed by the armchair version with splayed solid beech legs. This iconic version, with a choice of custom finishes, will elegantly complete your projects as a key ingredient.

Manaa works well in offices and modern meeting rooms, too, with gaslift and swivel versions. The integrated tilt mechanism makes for suitable comfort even in demanding settings.
