

Clop gas imb

Armchair with an innovative design and light lines, perfect for any type of environment, from the waiting room to the meeting rooms, from the operational office to the home office.

The shell is in polypropylene available in different colors. It can be completely covered or it can have only the optional seat cushion and the backrest with integrated lumbar support, adjustable in height for operational use.

The range includes the fixed version on 4 legs or sled frame, white or black or chrome, or on 4-legs base in ash wood. The swivel version is available on a pyramidal polypropylene base, white or black, on a pyramidal base in polished or black aluminum on wheels, on a 5-spoke base in aluminum, or in white or black polypropylene with gas plate or oscillating balance that allows a slight movement of the back. The family stool completes the family, the stool on a fixed frame or with a chromed gas lift for break rooms and for the contract sector and the 2/3/4/5 seats bench version. Original and current version with swivel Hpl tablet (with pencils holder and glass holder) perfect for conference rooms, meetings and for the scholastic world.
