

Blog

Tables are suggested in different dimension and height. Designed to conveniently adapt to different configurations for meeting or break out or working areas are suggested with melamine or laminate or MDF lacquered top (the 45° edge for few sizes only), all with top thickness of 20 mm. Tables comes with all METAL frame, available in all sizes and six finishings, or in WOOD frame (metal and wood) available in some sizes and three metal finishing only. Tables are suggested in two heights 74 cm and 100 cm (also with an additional courtesy top). Wooden legs are made from solid linden wood, natural coloured, matt finishing.

This family consists of furnishing elements designed for public areas, community spaces, break-out areas, waiting rooms and museums.
