

Kanvas ST 66/76

Techno polymer seat and chromed or outdoor painted stackable frame.

Kanvas is a contemporary, lightweight collection of stacking chairs and stools. Its sleek, lean design and its glossy finishing are inspired by the beauty of neoclassical sculptures. Designed with a beautiful sculpted back, Kanvas Stool has a gently controlled flex that moves with the user's bodyweight to provide comfort, even for extended periods. Its fresh, modern profile is also attractive in a retail setting, cafeterias and recreational spaces. Front and full upholstery, with countless combinations and minimal thickness, complete the collection.
