

## Origami LX

ORIGAMI LX is the new-comer into the successful and comprehensive Origami chair range; a fully and essentially padded body and the aluminium armrests designed by Arch. Sandonà are among the top features of this line. It offers a wide variety of versions as far as functionality is concerned i.e. multi-lock tilt with anti-shock device or alternatively a single-lock tilt or simply with seat height adjustment. The visitor versions include a 4- and 5-star base on glides with automatic return as well as a cantilever framed model .
