

## DIAMANTE round table

The table, whose large surface has a solid geometry, is the perfect counterpoint to balance the ethereal nature of the cabinets.

The style of the Diamante collection comes into its own when bringing out the full character of a living space. Large glazed sections pair beautifully with the clean-cut designs of the mouldings with elm finish and gold profiles, creating a stunning sequence of simple shapes that translate the all-Italian ability to combine form and colour in a perfect balance of creativity and craftsmanship. Greeting guests in a light, airy dining room will be a pleasure, a mark of the ability to choose the best possible style that reflects personality.

Dimensions: H77 diam.150 cm
