

RIMINI

A coffee table, capable of moving and amaze just like a dining table: Rimini stands out everywhere, thanks to its metal structure's peculiar design, to its base's Italian marble richness, and to the varnished and acid-etched glass top. Three different materials on just one object offer you a huge range of combinations: white, black or bronze metal; white Carrara, black Marquinio, Emperador bronze marbles; transparent grey, black, white and beige acid-etched glass.

Ø 84 H 39 cm

Ø 39 H 50 cm

Design Angelo Tomaiuolo
