

## TOPAZIO LIVING Small Sofa Bed Made With Faux Leather For Studio Apartment Two-Room Apartment - DI1706LIVN

Living in an urban metropolis means having to make some concessions when it comes to living room space – and one crucial article of furniture that assists in doing so is the sofa bed. As implied by the name, a sofa bed gives you a place to lounge around during the day, and doubles up as a sleeping surface at night, making it ideal for both personal use and guest accommodation where space is a concern.

Click-clack beds are a good option for when you need to quickly convert a small room or study into a guest bedroom. This budget version is upholstered in black faux leather and opens out to 165x70cm.

An easy motion click mechanism transforms the TOPAZIO LIVING from an upright sofa to a twin sized bed that can hold a maximum weight of 130 kg (or two adults). The legs are made out of plastic, resulting in an overall light weight – perfect for portability and fast assembly.

For a gorgeous piece of furniture that you'll cherish for years to come, be sure to consider the TOPAZIO LIVING Small Sofa Bed Made With Faux Leather For Studio Apartment Two-Room Apartment.
