

## Closet Keep Up 11

Modular walk-in closet, with solutions directly to the wall, without panels. Available in various finishes and dimensions.

"Keep up" walk-in closet opens geometrical volumes to pass their own limits: a system joining precision to extreme modularity and daily comfort: four widths, two depths, many finishes, surprising solutions without panels, directly fixed to the wall... "Keep up" proposes the best in specific containers: drawers and trays with wooden or glass parts, shoe racks, shirt organizers, led lights... personal style and smart solutions.
