

## Woody

The surfaces and features of the table designed by the Italian practice studio *metrica* fit perfectly with Pianca's philosophy, resulting in a product defined by sharp, minimal geometric lines. The top, with its extraordinarily slim edge feature, seems to float above the frame that, while stretching a full three metres in one spectacularly impressive table, still manages to retain the utmost stability and solidity. With an extensive range of wood finishes to choose from and a made-to-measure option, Woody can be tailored to fit any interior, whether classic or contemporary.
